

SPAIN: EPP CONDEMS ASSASINATION OF A CIVIL GUARD BY ETA

03-12-2007

The Secretary General of the European People's Party (EPP), **Antonio López-Istúriz**, has today strongly condemned the latest attack by the terrorist organisation, ETA, which killed a Civil Guard and seriously injured another in France.

López-Istúriz expressed *"the EPP's solidarity with the families of the victims and with Spanish security forces that again have lost one of its members in its efforts to defend the freedom and security of all citizens."*

"As it has always done, the EPP will defend the fortification of all methods employed by the European Union (EU) to fight terrorism and to ensure its eradication, which is the only fate expected for the terrorist group ETA," concluded López-Istúriz.
