

EPP PRESIDENT CONDEMNS LONDON TERRORIST ATTACKS

08-07-2005

EPP President Wilfried Martens has condemned the London bombings as a *despicable act of terrorism against Londoners and the British nation*. Martens declared that *all Europeans are united behind Britain at this difficult moment the same way we did after the equally appalling Madrid bombings. Europe does not, and never will, tolerate terrorism*.

The EPP President expressed his sympathy towards British Prime Minister Tony Blair and also sent his condolences and political solidarity to the Leader of Conservative Party, Mr. Michael Howard.
