EPP DEBATES THE DEMOGRAPHIC CHALLENGE IN EUROPE

Brussels, 16 May

On 15 May the EPP adopted its paper –***"Tackling the demographic challenge – Solutions for the ageing of our societies"***– as a draft document.

The document touches on every element which has an influence on this issue, such as the ageing population, the role of immigrants, the situation of the social security systems, and the policies on family life and the labour market.

The Political Bureau – the EPP's main decision-making body where all member parties are represented – also adopted the document ***"The future role of sovereign wealth funds in the European economy"***.

The EPP also decided to celebrate its next Congress in Warsaw (Poland) in April 2009. This meeting will be hosted by the Civic Platform, the party of Polish PM Donald Tusk.
