

EPP WEBSITE ATTRACTS MORE & MORE VISITORS

19-03-2008

The EPP is celebrating the excellent achievement of its website results and record number of visitors. As you can see from the [graph](#), our number of Unique Visitors (UV) has noticeably risen over the last three years.

Clearly this means that interest in the European People's Party, the largest political force on the continent, is growing due to its increased visibility and recent interactive activities. These can be accredited to the successful launch of the EPP on **You Tube**, and of course its own web TV Channel, **DialogueTV**, which is being used to

communicate even further with the citizens.
