21-11-2008

The EPP President, **Wilfried Martens**, has congratulated Sweden and its Prime Minister, **Fredrik Reinfeldt** (a member of the EPP) on its ratification of the Lisbon Treaty.

*"The Lisbon Treaty was adopted by the Swedish Parliament with a substantially large majority. This reflects that the Swedish people are really engaged with the European project and the overall well-being of European citizens,"* Martens underlined.

The EPP President also said *"the ratification is a relevant step towards final ratification of the Lisbon Treaty and its implementation in the EU, which will be extremely positive for the running of the European institutions and consequently, the European citizens. The EPP has always been committed to this process and will continue to give it new impetus during its next Summit on 11 December in Brussels."*
