

EPP LAUNCHES THE "BRUSSELS FORUM"

23-11-2005

The European People's Party presented last Wednesday the **BRUSSELS FORUM FOR REGIONAL PARTY ORGANISATIONS**, a platform that unites members from all EPP political parties and associations who live and work in Brussels.

More than 350 Members from all EPP political parties, MEPs and Brussels local authorities attended the **BRUSSELS FORUM** (for pictures [click here](#)). It was chaired by EPP President **Wilfried Martens** and the State Secretary of the Region of Brussels Capital, **Brigitte Grouwels** in the beautiful Brussels venue Tour and Taxis.

“The Capital of Europe is a home to many of us, but rarely do we have the possibility to meet and get to know each other. The BRUSSELS FORUM will help us build our contacts within the EPP family, to benefit from the opportunities local Brussels life has to offer, and of course to unite our voices”, EPP President **Wilfried Martens** said.

The next meeting of the Forum is scheduled for January and will focus on the participation of the European residents in the Brussels local elections due in October 2006.
