

LITHUANIA: EPP HAILS GREAT VICTORY OF ANDRIUS KUBILIUS

27-10-2008

The President of the European People's Party (EPP), **Wilfried Martens**, has congratulated today **Andrius Kubilius**, leader of the EPP member party [TS-LKD](#), for his great victory in the second round of parliamentary elections held yesterday in Lithuania.

"As we predicted 2 weeks ago, the provisional results of the second round have given a clear victory for Andrius Kubilius and the TS-LKD. Mr. Kubilius is now ready to lead a centre-right coalition government and this is excellent news both for Lithuania and the European Union," Martens stated.

"Mr. Kubilius has once again proven his strong leadership skills – without a doubt, he's the politician that will put Lithuania at the centre of European decision-making", the EPP President added.

"As TS-LKD leader, Kubilius is a regular participant of the EPP Summits but from now on, I very much look forward to working with him as Lithuania's Prime Minister in all future EPP Summits and events," Martens concluded.
